

CEOs, EVPs, COOs, Operations VPs, Branch Managers and CFOs

SOLVE your credit union's "NCUSIF coverage money loss problems" in 30 minutes of online TRAINING on **April 20 at 10am** COURTESY of the NCUL & InfoSight.

PROBLEM. Members are *concerned* or *ask* about NCUSIF coverage, and unfortunately most employees not only *don't know* coverage but *provide* "NCUA coverage information" to members, which **loses money** in every way. Specifically, using NCUA coverage information *loses a great deal of money* for you on **wasted employee time** providing **very poor coverage service** that **misses every sales (income) opportunity** with valued members. As seen below, your employees **have nothing** from **YOU** to *assure*, estimate all coverages for, or prove excellent coverage service to, *concerned or requesting* members.

SOLUTION. Your **current coverage money loss problems** are caused by your credit union not having **its own solution** for all its employees to **instantly help requesting or concerned** members with coverage. Now courtesy of the NCUL & InfoSight all employees have their own service and sales solution: the **Account Insurance Estimator (AIE)**.

Attend this no charge online training on April 20 at 10am, and the NCUL & InfoSight will instantly solve your coverage money loss problems for all your employees with the Account Insurance Estimator. Here are just a few examples how!
